IN COGNITION AND SCIENCE INSTRUCTION

Pittsburgh Principals' Memorandum of Understanding

Statement of Consent:

On behalf of my school, I am pleased to inform you of my commitment to support my science teachers' participation in the IES multi-year national study that explores the benefits of applying cognitive principles toward selected FOSS science units. I have been informed that my teachers' participation in the study is voluntary, and I am agreeing to support science teachers from my school for the full term of the project (June 2009 – June 2012).
